Beginning a New Era...

Geeta Pariwar's Online Geeta Classes have been a life-changing project. It has been transformational not only for its participants but also for the thousands of volunteers working for it. One of the most heart-warming facts is the number of youths associated with the platform. The wave of Learngeeta.com is instrumental in creating a resourceful generation for the world. Young and awakened minds working as Geeta sewis build a very optimistic picture of our country's future.

Many of us joined the Online Geeta Classes (OGC) by accident and are now dedicated to it for life. Those who come as participants (sadhaks), strive to stay connected with Geeta Pariwar and offer sewa in its endeavors. Thousands of enthusiastic volunteers are creating history and giving a new direction to not only their lives but also to lakhs more.

The four-stage course- चारधाम यात्रा- yatra, is an investment, not restricted to this birth. The fruits of this karma will be carried forward to our future births and what more blessing can we seek than staying connected with Shri Krishna and Shrimad Bhagvad Geeta in all births to come…

My Life as a Geeta Sewi..

Being a Geeta Sewi at Geeta Pariwar's OGC has added a new and happy character to my life. As an ordinary person, confusion, chaos, brittle thoughts, etc. are a part of our daily lives. However, with the strength of satvic karma at OGC, stability gets added to all spheres of one's life.

The divine blessings of Param Pujya Swamiji, principles laid down by him and guidance of senior karykartas of Geeta Pariwar have given a progressive foundation to OGC. At OGC, each day brings something new to learn.

Every class, each vivechan session and event gives an enriching experience. Interacting with numerous sadhaks, working with new volunteers, getting to see new talents and witnessing the change that learning Shrimad BhagwadGeeta brings in everyone's life- are just few of the blissful experiences I get every day.

Geeta Pariwar is an extended family, so true to its name!
